WORK EXPERIENCE

TECH MAHINDRA LTD. (Noida,India), *Software Engineer*   Dec 2020 – present

Tech Mahindra Internal Training (12/2020-03/2021)
- Java Full Stack training was provided by an organization for 03 months.

Project 1:-
X-Tool Application (03/2021-08/2022)
X-Tool Application is a XML Testing Tool which is a web-based front-end used to send XML transactions to AT&T XML Gateway. X-Tool is a brand new application and is developed from scratch.
Team Size:- 4 people **Client** :- AT&T USA
My Role and Responsibilities:- Contributed in the development of an application as a **Java Full Stack Developer** with Spring Boot primarily backend.

- Dynamically fetching values from Azure key vault into our code.
- Joins weekly status calls every Friday.
- Interacting with clients and to modify changes according to them.
- Taking testing team doubts and to resolve them on time.
- Building CI pipeline with SonarQube.
- Used BitBucket (Git) for Version Control.
- Participate in **sprint reviews** and demonstrate developed solution.
- Deploying code to production and pushing code on time before deadline with zero Escalation.

Skills Used:- Java ,Spring Boot , Maven , Spring MVC, Hibernate,JPA,HTML5,CSS,JavaScript,Bootstrap,PostgreSQL,Azure Cloud ,WinSCP, Azure DevOps, Jenkins, SonarQube, Git
Recognition:- Received appreciation from Senior Management for quickly adapting to the environment and working in highly efficient **scum** environment and delivering the task/User Stories from day 1 on time.

Project 2:-

Axis Bank Application (08/2022-Present)

Axis Bank Application is a Supply Chain Finance application where it is used to provide loan to corporates.

Team Size:- 10 people **Client:-** Axis Bank Mumbai

Domain:- BFS

My Role and Responsibilities:-Contributing in the development of an application from frontend to backend as per Client requirement and to deliver it on time.

- Worked on the admin part of SCFU to configure rule Manage IM Rule for VFS .
- Worked on the Legal Entity Identifier that is used to make a transaction of 50 Cr and above by non-individuals.
- Integrated with an API by passing Lei number and pan number in code and gave back the API response on UI Screen to user.

Skills Used:- Java ,Spring Boot , Maven , Spring MVC, Hibernate,JPA,JSP,HTML5,CSS,JavaScript,Bootstrap,PostgreSQL,Azure Cloud ,Azure DevOps, SVN.
